

WATER THINKERS COMMUNITY OF PRACTICE

Building Knowledge on Water Issues

PRESENTS...

COMMUNITY ENGAGEMENT for SOURCE WATER PROTECTION

Have you ever wondered how businesses and residents can be engaged in source water protection? Join us to learn about local community engagement for source water protection in four Ontario communities, its linkages with Lake Simcoe and the broader water community.

Dr. Romila Verma will share her thoughts on water management from international and local perspectives. She has worked with the Ladies of the Lake and Windfall Ecology to clean up Lake Simcoe. She was also a Lead Researcher with the Canadian Institute for Environmental Law and Policy. As a teacher at both the University of Toronto and Brock University, she is passionate about educating and motivating the next generation of water managers.

Friday, September 30, 2011, 2 – 3 pm
77 Wellesley St. W., Toronto
10th floor Boardroom
WebEx also available

Please RSVP via Voting Buttons in this email
(or to WaterThinkers@Ontario.ca)

Organized by the Drinking Water Management Division

Participants should note that the purpose of the Water Thinkers Community of Practice is to encourage the generation of ideas and discussion and does not reflect policy direction of the Ministry of the Environment
